1. Swagat hai: Misal Hub OS kya hai?

Misal Hub OS ek hi system hai jo poora restaurant chalata hai. Paper bill, WhatsApp orders, stock ka register aur Excel sheets ki jagah sab kuch ek hi jagah hota hai, aur har number aapas mein juda hota hai.

- **Billing (POS):** dine-in, takeaway, delivery aur bulk orders lo, GST bill aur kitchen ticket print karo.
- **Kitchen screen:** naye orders kitchen ki screen par apne aap dikhte hain.
- **Online aur QR ordering:** customer apne phone se order karta hai; aap ek tap mein accept karte ho.
- **Stock:** jaise-jaise bechte ho, ingredients apne aap kam hote jaate hain aur dikhta hai kya khatam ho raha hai.
- **Customers:** har phone number save hota hai; WhatsApp par offers bhejo; loyalty points do.
- **Reports aur paisa:** sales, GST, profit, cash drawer, kharche, salary.
- **Franchise:** outlets ko compare karo, royalty nikalo, franchise chahne walon ko track karo.
- **Insights:** roz ki smart salah, jaise kal kitna taiyaar karna hai.

Ye guide kiske liye hai?

Sabke liye. Pehle Section 2 aur Section 3 padho. Phir sirf wahi sections padho jo aapke kaam se juded hain (jaise cashier Section 5 padhe, cook Section 6 padhe).

> **TIP**
> Sab kuch yaad rakhne ki zaroorat nahi hai. Screens simple hain: bade buttons aur saaf naam. Kuch samajh na aaye to end mein 'Jaldi jawab' wala section dekho.

2. System kholna aur sign in karna

Kaise kholna hai

1. Jo web address aapko diya gaya hai use tablet, phone ya computer par kholo (jaise Chrome mein).
2. App ki tarah rakhne ke liye: Chrome mein **Add to Home screen** / **Install app** dabao.
3. Aapko Misal Hub OS ka sign-in page dikhega.

Sign in ke do tareeke

Kaun	Kaise sign in karega
Cashier, waiter, kitchen, delivery rider	Mobile number + 4 se 6 digit ka **PIN**. PIN screen ke number pad par dabao.
Owner, head-office admin, manager, franchisee	Mobile number + **Password**. Pehle 'Password' tab dabao.

Sign in ke baad aap apni home screen par pahunchte ho: cashier POS par, kitchen wala Kitchen screen par, rider Delivery par, aur owner/manager Dashboard par.

Safety ke niyam

- Agar PIN ya password **5 baar** galat daloge to wo mobile number 5 minute ke liye block ho jayega. Ruko, phir try karo.
- Aap **12 ghante** (ek shift) tak sign in rehte ho. Uske baad dobara sign in karna padta hai.
- Apna PIN ya password kisi ko mat batao. Jo bhi aap karte ho wo aapke naam se save hota hai.
- Shared device par kaam khatam hone par neeche left ka **sign-out** icon zaroor dabao.

Phone par use karna

- App kisi bhi phone screen mein fit ho jata hai. Neeche aapki main screens (Dashboard, POS, Orders, Kitchen) ke bade buttons milte hain aur baaki sab ke liye **More**.
- Orders, Menu, Customers, Stock aur Expenses jaisi lists aasaan cards ban jaati hain, total, status aur buttons bina side mein scroll kiye dikhte hain.
- App ki tarah rakhne ke liye: Android Chrome → menu → **Install app**. iPhone Safari → Share → **Add to Home Screen**.

Clock in aur clock out

Menu ke neeche left mein staff ko **Clock in** button dikhta hai. Shift shuru hone par dabao aur khatam hone par **Clock out**. Isse attendance aur salary apne aap ban jaati hai.

3. Kaun kya dekh sakta hai (roles)

Har insaan ko ek role milta hai. Role se tay hota hai ki kaun se menu dikhenge. Isse paisa aur settings safe rehte hain.

Role	Kya use kar sakta hai
Owner / Head-office admin	Sab kuch, saare outlets ke liye. Sirf wahi master menu, outlet settings, franchise terms badal sakte hain aur audit log dekh sakte hain.
Franchisee	Apna outlet: POS, orders, kitchen, menu ke prices, stock, customers, reports, staff, expenses, insights.
Manager	Apna outlet: upar jaisa, sirf Insights nahi. Bada discount de sakta hai, kitchen ke baad cancel, refund aur stock correction kar sakta hai.
Cashier	POS, Orders, Customers, Cash register, Delivery.
Waiter	Sirf POS aur Orders.
Kitchen	Kitchen screen aur Inventory (wastage aur batch likhne ke liye).
Delivery rider	Sirf apne assigned deliveries.

Agar aap koi aisa page kholte ho jiski permission nahi hai, to system aapko seedha aapki home screen par wapas bhej deta hai.

Ek se zyada outlet wale owner

Left menu ke sabse upar **Outlet** ka box hota hai. Jo outlet dekhna hai wo chuno. Phir har screen sirf usi outlet ka data dikhayegi. Reports mein **All outlets** button bhi hota hai.

4. Roz ka kaam (aasaan checklist)

Subah (shop kholne se pehle)

1. Sign in karo aur **Clock in** dabao.
2. Cashier: **Cash register** mein jaao aur **Open shift** karo. Drawer ka cash gino aur opening float ki tarah likho.
3. Manager: **Insights** kholo aur **Morning prep planner** dekho. Wo batata hai kitne portions aayenge aur kitna matki, pyaaz, pav aur masala chahiye.
4. **Inventory** ya Dashboard par low-stock items dekho. Jo kam hai wo mangwao.
5. Jo khatam ho gaya hai use Menu page par **Sold out** mark karo (Section 8).
6. Aaj ka fresh masala ya koi aur batch **Inventory** → **+ Batch** mein likho (Section 10).

Din mein

- Har order ka bill **POS** mein banao. Order ko kitchen bhejne ke liye **KOT** dabao.
- Peele **incoming online order** banner par nazar rakho. Jaldi accept ya reject karo.
- Kitchen apni screen khuli rakhta hai aur har order pakne par tap karta hai.
- Drawer se jo bhi cash nikalo use **Expenses** mein likho (mode: Cash).

Shaam (band karte waqt)

1. Dekho har table ka payment ho gaya aur band hai. Jo order kabhi serve nahi hua use reason ke saath cancel karo.
2. Cashier: **Cash register** → **Close shift**. Cash gino aur likho. System batayega ki **over** hai ya **short**.
3. Usi page se **Day-end report (Z)** print karo.
4. Din ki kharidi **Inventory** → **Purchases** mein aur kharche **Expenses** mein daalo.
5. Manager ya owner: din ka Dashboard aur Reports dekho. **Clock out** dabao aur sign out karo.

5. POS: order lena aur bill banana

POS cashier aur waiter ki main kaam wali screen hai. Isme teen hisse hain: left mein **categories**, beech mein **menu items**, aur right mein **current order**. Phone par order wala hissa orange basket button dabane se khulta hai.

A. Dine-in order (table ke saath)

1. Upar dekho **Dine-in** chuna hua hai.
2. **Select table** dabao. Khaali table par 'Free' likha hota hai. Peele table par pehle se order hai. Koi free table dabao.
3. Items par tap karke jodo. Agar item mein options hain (jaise Misal Pav), to chhoti window khulegi: **Spice level** (Mild / Medium / Spicy / Extra spicy), **Regular ya Jain**, **Add-ons** (extra pav, farsan, cheese…) aur special instruction chuno, phir **Add** dabao.
4. Quantity ke liye **+** aur **−** dabao. Har item ke neeche chhota note bhi likh sakte ho (jaise 'tari kam').
5. Chaaho to **Customer** dabao aur naam aur phone daalo (part F dekho).
6. **KOT** dabao. Order kitchen screen par chala jata hai aur KOT number dikhta hai.
7. Baad mein jab guest bill maange, **Pay** dabao (part G dekho).

> **TIP**
> Guest aksar baad mein aur order karte hain. Wahi table dobara kholo, naye items jodo aur phir KOT dabao. Kitchen ko sirf naye items milte hain.

B. Takeaway order

Takeaway chuno, items jodo, naam aur phone ho to daalo, phir **KOT** aur **Pay**. Table ki zaroorat nahi.

C. Delivery order

1. **Delivery** chuno aur items jodo.
2. Order panel mein **delivery address** likho (zaroori hai).
3. Distance ka button chuno: **≤ 1 km** (default ₹50) ya **1–5 km** (default ₹80). Delivery charge bill mein jud jata hai.
4. **KOT** dabao. Delivery hone tak order khula rehta hai. Payment abhi le sakte ho (online/UPI) ya rider se cash collect karwa sakte ho (Section 7).

D. Bulk / party orders

Bulk chuno. Ye delivery ya takeaway jaisa hi chalta hai. Date, time aur special demand order note mein likho.

E. Hold, KOT, Discount aur baaki buttons

Button	Kya karta hai
Hold	Order ko kitchen bheje bina save karta hai. Jab guest abhi soch raha ho tab use karo.
KOT	Naye items kitchen ko bhejta hai. Uske baad items lock ho jaate hain ('Sent to kitchen').
Pay	Pehle naye items kitchen bhejta hai, phir payment window kholta hai.
Discount	Manual % ya ₹ discount, coupon code, ya loyalty points (neeche dekho).
KOT (printer icon)	Kitchen ticket dobara print karta hai.

Button	Kya karta hai
Bill	Customer ka bill dikhata ya print karta hai.
Cancel order	Poora order cancel karta hai. Reason likhna zaroori hai.
Mark all served	System ko batata hai ki saare items table tak pahunch gaye.
New (upar right)	Screen saaf karke naya order shuru karta hai.

Discount, coupon aur loyalty points

- **Manual discount:** % ya ₹ chuno, value aur reason likho. **Cashier 10% ya ₹50 tak de sakta hai.** Usse zyada discount manager hi de sakta hai.
- **Coupon:** code likho (jaise WELCOME10) aur Check dabao. System bata deta hai kitni bachat hogi ya kyon nahi chal raha (minimum bill, expire, ya limit khatam).
- **Loyalty points:** tabhi chalte hain jab customer juda ho. 1 point = ₹1. Saare points use karne ke liye Max dabao.
- Bill ka total hamesha nazdeeki rupaye par round hota hai.

F. Customer jodna

Customer dabao. Phone ya naam se search karo. Agar naya hai to naam aur 10-digit phone likho aur **Use these details** dabao. Customer apne aap aapki customer list mein save ho jata hai aur loyalty points kamane lagta hai (default mein bill ka 5%). Yahi list baad mein WhatsApp offers ke kaam aati hai.

G. Payment lena

1. **Pay** dabao. Upar baaki amount dikhta hai.
2. Mode chuno: **Cash, UPI, Card, Online (pehle se paid), Wallet** ya **Credit / due**.
3. Cash ke liye quick amount (Exact, ₹500, ₹1000…) dabao ya jo guest ne diya wo likho. System **wapas karne wali change** dikha deta hai.
4. **Split payment** (kuch cash, kuch UPI) ke liye **Split — add** dabao aur har mode ka amount likho.
5. UPI ke liye agar Settings mein outlet ka UPI ID dala hai to QR code dikhta hai. Guest ko scan karne do aur button dabane se pehle **apne UPI app mein paisa aaya ya nahi zaroor dekho**.
6. **Complete payment** dabao. Bill khulega; **Print** dabao. Dine-in aur takeaway order band ho jaate hain aur table free ho jata hai.

> **ZAROORI**
> System aapka bank check nahi karta. Wo sirf wahi record karta hai jo aap likhte ho. UPI aur card ka payment hamesha apne payment app mein confirm karo.

H. Galti aur cancel

- **KOT se pehle galat item:** − button dabake hata do.
- **KOT ke baad galat item:** item ke paas **cancel** dabao aur reason likho. Kitchen ke paas jaane ke baad sirf **manager** cancel kar sakta hai.

- **Poora order:** reason ke saath **Cancel order**. Agar paisa pehle hi liya ja chuka hai to manager ko pehle Orders page se **Refund** karna hoga.
- Har cancel aur refund audit log mein insaan ke naam ke saath save hota hai.

Bill mein kya dikhta hai

Outlet ka naam, address, phone, GSTIN aur FSSAI number, bill number, date aur time, table ya customer, har item quantity aur price ke saath, discount, CGST aur SGST alag-alag, round-off, total, payment kaise hua, aur aapka footer message. Menu ke prices mein GST pehle se shaamil hota hai (Settings mein badal sakte ho).

Print karna

Print dabao aur apna thermal printer (80 mm paper) chuno. Agar preview chhota dikhe ya margin ho to print window mein **Margins: None** aur **Scale: 100%** rakho. Is version mein printer ko seedha command dene wala button nahi hai.

6. Kitchen screen

Kitchen mein tablet ya screen rakho aur **Kitchen** page khula rakho. Naye orders apne aap ek chhoti beep ke saath dikhte hain. Paper ki zaroorat nahi.

Har ticket mein kya dikhta hai

- Order number aur table (ya takeaway aur delivery mein customer ka naam).
- Order ko aaye kitne minute hue. Jab item ke normal pakne ka time poora ho jata hai to ticket **peela** ho jata hai aur 3 minute se zyada late hone par **laal**.
- Items quantity ke saath, spice level, Jain/Regular, add-ons, notes aur order note.
- Agar order website, QR ya WhatsApp se aaya hai to chhota purple tag.

Kaise use karna hai

1. Order shuru karte waqt **Start cooking** dabao.
2. Har item ke paas chhota box dabao: ek baar = pak raha hai, dobara = ready.
3. Sab ready hone par **All ready** dabao. Waiter ya cashier ko dikh jata hai.
4. Order bahar chala jaye to **Bump** dabao. Ticket screen se hat jata hai.

Upar aap **All** items, sirf **Main** kitchen ke items, ya sirf **Beverages** (chai, sarbat, chaas) dikha sakte ho. Speaker button beep on/off karta hai.

> **TIP**
> Chrome kabhi-kabhi jab tak aap page ko ek baar tap na karo tab tak awaaz band rakhta hai. Kitchen screen kholne ke baad kahin bhi ek baar tap kar do.

7. Orders, online orders aur delivery

Orders page

Yahan din ke saare orders time, type, customer, status aur payment ke saath dikhte hain. Dusri date, status, type ke liye filters use karo, ya order number, naam ya phone se search karo. Poori detail ke liye order number dabao: items, payments, bill, aur **Open in POS**, **Print bill** aur (manager ke liye) **Refund** buttons.

Status	Matlab
new	Order lag gaya; kitchen ne shuru nahi kiya.
preparing	Kitchen bana raha hai.
ready	Ban gaya, serve ya pickup ka intezaar hai.
served	Guest ko de diya (payment baaki ho sakta hai).
out for delivery	Rider le gaya hai.
completed	Poora ho gaya aur payment ho gaya.
cancelled	Cancel ya refund ho gaya.

Online orders (website, QR table, WhatsApp)

Customer apne phone se **/order/MRD** par order kar sakte hain (pickup ya delivery). Har table par lagi QR code usi page ko us table ke liye kholta hai. Ye orders kitchen mein **apne aap nahi** jaate: pehle aap decide karte ho.

1. Dashboard par aur Orders page ke upar peela banner aata hai: **'incoming online orders waiting'**.
2. Items, address aur note padho.
3. Kitchen bhejne ke liye **Accept** dabao, ya na bana sako to **Reject**.
4. Payment baad mein lena ho to order kholo aur **Open in POS** phir **Pay** dabao.

> **TIP**
> Page har kuch second mein apne aap refresh hota hai. Counter ke tablet par Orders ya Dashboard page khula rakho taaki koi online order miss na ho.

Customer ko hamesha sahi price dikhta hai: price system nikalta hai, phone nahi. Order ke baad unhe order number aur UPI QR (agar UPI set hai) ya counter par/delivery wale ko paisa dene ka message dikhta hai.

Delivery page

1. Manager ya cashier **Delivery** kholta hai aur har khula delivery address, phone, items aur amount ke saath dekhta hai.
2. **Assign rider...** mein rider chuno. Order 'out for delivery' ho jata hai.
3. Rider apne PIN se sign in karta hai aur sirf apne deliveries dekhta hai, saath mein **Map**, **Call** aur **WhatsApp** buttons.

4 Darwaze par: agar paisa baaki hai to rider **Cash collected** ya **UPI collected** dabata hai. Pehle se paid ho to **Mark delivered**. Order poora ho jata hai.

8. Menu manage karna

Menu kholo. Yahan saare items price, food-cost percentage, GST aur availability ke saath dikhte hain.

Item ko Sold out mark karna (jisko Menu access hai wo sab kar sakte hain)

Item ke paas hara **Available** badge dabao. Wo laal **Sold out** ho jata hai aur aapke outlet ke POS aur customer ordering page se hat jata hai. Wapas laane ke liye dobara dabao.

Apne outlet ka alag price

Price dabao. Sirf apne outlet ke liye local price likho, ya khaali chhodo to master price chalega. Chhota 'local' tag dikhata hai ki alag price chal raha hai.

Master menu (sirf owner aur head office)

- **Add item:** naam, description, category, price, GST %, banne ka time, kitchen station (main ya beverages), Veg, Bestseller, Jain option, Spice levels, Active.
- **Edit item:** pencil dabao. Active ka tick hatao to item kahin bhi nahi dikhega, delete kiye bina.
- Items ke naye group ke liye **Add category**.
- **Modifier groups: Modifiers & add-ons** tab mein spice levels ya extra pav jaise choices unke price ke saath jod sakte ho. Phir har item par un groups ko tick karo taaki POS mein dikhein.

Food cost %

Ye column batata hai ki selling price (GST se pehle) ka kitna hissa ingredients mein jata hai. Iske liye recipe chahiye (Section 10). **Hara** theek hai (lagbhag 32% tak), **orange** dhyaan dene wala, **laal** (40% se upar) matlab item se bahut kam kamai hai.

> **ZAROORI**
> Master menu sirf head office badal sakta hai. Manager aur franchisee sirf sold-out mark kar sakte hain aur apna local price set kar sakte hain.

9. Customers, loyalty aur marketing

Customer list

Customers kholo. Billing par jis guest ne phone number diya wo apne aap list mein aa jata hai. Visits, kul kharcha, last visit aur points dikhte hain. Search box ya rang wale filters use karo:

Group	Kaun hai isme
VIP	8+ baar aaya (ya ₹3,000+ kharch kiya) aur pichle 30 din mein aaya.
Regular	Kabhi-kabhi aata hai aur active hai.

Group	Kaun hai isme
New	Abhi tak 1 ya 2 visit.
At risk	Pehle aata tha (3+ visits) par 30+ din se nahi dikha.
Lost	60+ din se nahi dikha.

Customer par tap karo to order history, favourite items, address aur **loyalty ledger** dikhta hai. Buttons: **Call** aur **WhatsApp**. Manager points **Adjust** kar sakta hai (reason ke saath). **Add customer** se haath se customer jod sakte ho, birthday ke saath bhi.

Loyalty points

- Customer har paid bill ka **5%** points mein kamata hai (Settings mein badal sakte ho).
- 1 point = ₹1 ka discount. POS mein Discount ke andar use karo.
- Points tabhi jud te hain jab bill poora paid ho.

WhatsApp campaigns (Marketing)

1. **Marketing → WhatsApp campaigns** kholo.
2. Taiyaar message chuno: Win-back (at risk), We miss you (lost), VIP thank-you, Welcome new customers, Birthday wish, New menu announcement.
3. Chaaho to message edit karo. **{name}** ki jagah har customer ka pehla naam aa jata hai.
4. List mein kisi ke paas **WhatsApp** dabao. WhatsApp message ke saath khulta hai. **Send aap dabate ho.** Button 'Sent' ho jata hai taaki yaad rahe kahan tak bheja.

Sirf wahi customers dikhte hain jinhone messages ke liye haan kaha hai. Birthdays mein agle 8 din mein birthday wale log dikhte hain. **Tip:** 'At risk' campaign har hafte karo; sirf do minute lagte hain.

Coupons

Marketing → Coupons mein **New coupon** dabao. Code, percent ya fixed amount, minimum bill, maximum discount, last date aur kitni baar use ho sakta hai wo set karo. Hare/grey badge se coupon pause ya start karo. Do coupons pehle se taiyaar hain: **WELCOME10** (₹150 se upar ke bill par 10%, max ₹50) aur **MISAL20** (₹200 se upar par ₹20 off).

Feedback

Marketing → Feedback mein average rating, food aur service ke score, rating ka chart aur taaza comments dikhte hain. Guest ek simple page par feedback dete hain; har completed order ka ek hi review ho sakta hai. Kam score par jaldi jawab do.

10. Inventory (stock)

Inventory kholo. Upar ke boxes mein kul stock ki value, kitne ingredients track ho rahe hain, aur kitne low ya khatam hain wo dikhta hai.

Stock apne aap kaise kam hota hai

Har menu item ki ek **recipe** hoti hai (jaise 1 Misal Pav = 60 g matki + 40 g pyaaz + 2 pav...). Jab aap KOT bhejte ho, system ye ingredients ghata deta hai. Aapko kuch likhna nahi padta. Jitne zyada items ki recipe hogi, stock aur food cost utna sahi hoga.

Stock tab

- Har row mein **on hand**, **minimum**, average cost aur status dikhta hai: **OK**, **Low** (minimum ya usse kam) ya **Out**.
- Manager us box mein likhkar minimum badal sakta hai. Wo quantity rakho jahan aap dobara order karna chahte ho.
- **+ Batch:** aapne jo khud banaya wo stock jodo, jaise aaj ka pisa hua masala. Note likho.
- **Waste:** kharab ya gira hua stock likho. Reason zaroori hai taaki waste ki cost dikhe.
- **Count** (manager): asli gintee ke baad sahi quantity likho; system farq ko theek kar deta hai.

Purchases tab (manager)

1. Supplier, invoice number aur date chuno.
2. Har ingredient ki ek line jodo: quantity aur per unit price (pichli cost apne aap bhar jati hai).
3. Abhi kitna diya wo likho (ya **Full** dabao). Jo baaki hai wo list mein **Due** dikhta hai.
4. **Save purchase** dabao. Stock badh jata hai aur har ingredient ki **average cost** apne aap update ho jati hai.

Right side mein **naya supplier** ya **naya ingredient** (unit, cost, minimum aur opening stock ke saath) jod sakte ho.

Recipes tab (manager aur head office)

Koi menu item chuno, har ingredient jodo aur **ek portion** mein kitna lagta hai wo likho, phir save karo. Tabhi **cost per portion** dikh jata hai. Har item ke liye ye karo taaki food-cost reports sahi aayein.

Movement log

Har purchase, wastage, batch aur correction date, quantity aur note ke saath dikhata hai. Stock kahan gaya ye pata karne ke liye use karo.

11. Cash register aur day-end

Cash register ye compare karta hai ki drawer mein cash *kitna hona chahiye* aur *kitna hai*, taaki galti ya chori usi din pakdi jaye.

Shift kholna aur band karna

1. Din ki shuruaat: **Cash register** → **Open shift**. Drawer ka cash gino aur likho (float).
2. Din mein page par **Expected in drawer** dikhta hai = float + mila hua cash − cash kharche.
3. Shift ke ant mein **Close shift & count cash** dabao. Asli cash gino aur likho.
4. System batata hai **Balanced**, **Over** ya **Short** aur shift history mein save kar leta hai.

UPI aur card payment cash ki gintee mein nahi aate; sirf cash aata hai.

Day-end report (Z report)

Usi page par day-end report orders, sales, GST, discount, delivery charges, cancellations aur cash, UPI, card se mila paisa dikhati hai. Koi bhi date chuno aur **Print** dabao, receipt size ki copy mil jayegi.

12. Expenses (kharche)

Expenses kholo aur jo paisa bahar ja raha hai wo likho: raw material, rent, salary, bijli, gas, packaging, marketing, maintenance, delivery, misc.

1. Category chuno, amount likho, payment kaise kiya (cash, UPI, bank, card), date aur chhota note (vendor, bill number) daalo.
2. **Add** dabao.

- **Cash** kharche khule shift ke 'expected cash' ko kam karte hain, isliye paisa nikalte hi likh do.
- Date range chuno to total, roz ka average aur sabse bada category dikhta hai.
- Galat entry manager delete kar sakta hai. Delete audit log mein save hota hai.

13. Staff, attendance aur salary

Staff jodna ya badalna

1. **Staff** → **Team** → **Add staff** kholo.
2. Poora naam aur **mobile number** (yahi unka login ID hai) likho aur role chuno.
3. **PIN** (4 se 6 digit) set karo. Manager ko 8+ characters ka **password** bhi chahiye.
4. Mahine ki salary likho aur **Save** dabao.

- **Manager** apne outlet ke liye cashier, waiter, kitchen aur delivery staff jod sakta hai. Manager ya franchisee jaise roles sirf head office jod sakta hai.
- Bhoola hua PIN ya password reset karne ke liye pencil dabao aur naya likho.
- Koi chhod jaye to **Active** ka tick hata do. Wo sign in nahi kar paayega par purana record rahega.

Attendance

Staff → **Attendance** mein aaj kaun aaya aur kis time clock in kiya wo dikhta hai. Neeche mahine ka grid hai. Din par tap karke badlo: **P** present → **½** half-day → **L** leave → **A** absent. Jinhone Clock in dabaya wo apne aap present ho jaate hain.

Payroll

Staff → **Payroll** mein har insaan ki mahine ki salary, paid days aur dene wali rakam dikhti hai: **salary × paid days ÷ mahine ke din**. Present aur leave poora din, half-day 0.5 gina jata hai. Paisa dene ke baad use Expenses mein 'Salary' category mein likho.

14. Reports

Reports kholo. Upar period chuno: Today, Yesterday, Last 7 days, Last 30 days, This month, ya apni dates. Owner **This outlet** aur **All outlets** ke beech switch kar sakte hain. **CSV** button data ko Excel ya aapke accountant ke liye download karta hai.

Tab	Kya pata chalta hai
Sales	Kul sales, orders, average bill aur discount pichle period se compare; daily sales ki line; ghante ke hisaab se sales; sabse busy din aur ghanton ka heat map; order type, channel aur payment mode ke hisaab se bantwara; din-ba-din table.
Items & margin	Bika hua har item quantity, revenue, andaaze ki ingredient cost aur margin ke saath, aur category ke hisaab se sales.
GST & payments	Rate ke hisaab se GST (CGST aur SGST), taxable value, mode ke hisaab se payments, discount, cancellations aur baaki bacha paisa.
Profit & loss	Do view hain. **Money in vs money out:** aapne kitna kamaya (GST ke bina sales) minus jo kuch kharch kiya = profit. **Profit using recipe food cost:** net sales minus recipe se nikla food cost minus baaki kharche (rent, salary, gas...). Saath mein chart ki paisa kahan gaya. GST kabhi aapka profit nahi ginta.

ZAROORI
Food cost aur profit tabhi sahi hote hain jab items ki recipe ho. Agar 90% se kam sales recipe wale items se hui hai to page warning dikhata hai. Baaki recipes Inventory mein jodo.

TIP
Is page par sales mein cancelled orders nahi gine jaate. 'Sales' matlab GST sameet poora bill amount.

Dashboard

Dashboard aaj ki jhalak hai: sales, orders, average bill, khule orders, ghante ke hisaab se sales, pichle 14 din, top sellers, collections, order mix aur low stock. Kal se compare hara (upar) ya laal (neeche) mein dikhta hai. **This month so far** box mein is mahine kitna kamaya, kitna kharch hua aur profit kitna hai wo dikhta hai.

15. Franchise (owner aur head office)

Outlets

Franchise → **Outlets** pichle 30 din ke saare outlets compare karta hai: sales, orders, average bill, kharche aur milne wali royalty. Chart mein har outlet ka kul sales mein hissa dikhta hai.

Naya outlet jodna

1. **+ Add outlet** dabao (ya Settings → + New outlet).
2. Naam, chhota code, address, GSTIN, UPI ID aur timing bharo.
3. **Franchise terms** mein 'This is a franchise outlet' tick karo, franchisee ka naam aur **royalty %** likho.
4. **Create outlet** dabao. Chaar tables aur ingredient list apne aap ban jaati hain. Phir us outlet ka staff jodo.

Master menu, recipes aur coupons har outlet ke liye same rehte hain. Har outlet ka manager sirf local price set kar sakta hai ya items sold-out mark kar sakta hai.

Royalty statements

Mahina chuno. Har franchise outlet ke liye orders, sales, GST hata kar **net sales** aur **royalty = net sales × royalty %** dikhta hai. Franchisee ko dene ke liye **Print** dabao.

Franchise leads

Aapki website ke franchise form ko jo log bharte hain wo yahan apne aap aa jaate hain. Har lead columns mein aage badhti hai: **New** → **Contacted** → **Meeting** → **Agreement** → **Won / Lost**. Card par drop-down se move karo, naam dabake notes likho, aur phone aur WhatsApp icons se sampark karo. Haath se bhi lead jod sakte ho.

16. Insights: smart madad

Insights kholo (owner, head office aur franchisee). Ye aapka apna data padhkar saral shabdon mein batata hai kya karna chahiye.

- **Alerts:** pichle hafte se sales up ya down, zyada discount, bahut cancellations, food cost, guest rating, sabse achha aur sabse dheema din, jo regulars aana band ho gaye.
- **Morning prep planner:** kal kya aayega (pichle 4 hafte ke usi din ka average), ingredient quantity mein badla hua, aur stock kaafi hai ya nahi. Laal □ ka matlab kam hai.
- **Running out soon:** aapke abhi ke use se har ingredient kitne din chalega.
- **Bought together:** jo items aksar saath mein order hote hain. Combos ke liye aur cashier ko add-on suggest karne ki yaad dilane ke liye use karo.
- **Menu engineering:** har item ko baanta jata hai: **Stars** (popular aur profitable: promote karo), **Workhorses** (popular, kam margin: price dekho), **Hidden gems** (profitable, kam order: promote karo), **Reconsider** (dono nahi: badlo ya hatao).

Ask your business (AI assistant)

Apna sawaal aam English mein likho, jaise 'Which day should I run an offer?' ya 'How can I reduce food cost?'. Jawab aapke pichle 30 din ke numbers se aata hai. Customer ke naam aur phone number kabhi nahi bheje jaate. Is feature ke liye jisne system lagaya hai use Anthropic API key daalni hoti hai; agar nahi daali hai to message dikhega, aur baaki Insights chalta rahega.

17. Settings (owner aur head office)

Outlet aur billing

- Outlet ka naam, code, address aur phone (bill par print hota hai).
- **GSTIN** aur **FSSAI** number. **UPI ID** (payment QR dikhane ke liye).
- Khulne aur band hone ka time, delivery radius aur delivery charges.
- **Charge GST on bills** on ya off. **Menu prices include GST**: on matlab GST price ke andar dikhta hai; off matlab upar se judta hai.
- Bill ka footer message. Loyalty points on/off aur kitna percent kamana hai.
- Franchise terms (royalty %, franchisee ka naam, active ya nahi).

Tables

Naam (T9), section aur seats ke saath table jodo. Table ko disable karke chhupa sakte ho. Table ke paas **QR** dabao to uska ordering QR code print hota hai: table par chipka do taaki guest apne phone se order kar sake.

Online ordering

Share karne wale links dikhata hai: ordering page, table QR ka format, feedback page aur aapki website ke liye franchise enquiry ka connection.

Audit log

Zaroori kaamon ki list: cancellations, refunds, price changes, loyalty adjustments, staff changes, shift closing aur deletions, kisne kiya aur kab. Kuch galat lage to yahan dekho.

18. Jaldi jawab aur dikkat ka hal

Dikkat	Kya karein
Sign in nahi ho raha	Mobile number check karo aur PIN (staff) ya Password tab (manager/owner) use karo. 5 galat try ke baad 5 minute ruko. Manager se PIN reset karwao.
POS mein item nahi dikh raha	Wo **Sold out** (Menu page) ya **inactive** ho sakta hai. Menu check karo.
'That table already has an open order'	Table use mein hai. Table dabake chalta hua order kholo, ya pehle use pay karke band karo.
Likha aa raha hai 10% se zyada discount ke liye manager chahiye	Ye cashier ki limit hai. Manager se lagwao.

Dikkat	Kya karein
Item cancel nahi kar paa raha	Kitchen ke paas jaane ke baad sirf manager cancel kar sakta hai. Unse kaho.
Bill ka price menu price se alag hai	Aapke outlet ka **local price** ho sakta hai. Menu page dekho ('local' tag).
Online order nahi dikh raha	Orders page kholo aur kuch second ruko; wo apne aap refresh hota hai. Internet check karo. Ye bhi dekho ki pehle hi accept ya reject to nahi ho gaya.
Kitchen screen mein awaaz nahi	Page par ek baar kahin tap karo aur dekho speaker button on hai.
Print galat dikh raha hai	80 mm thermal printer chuno, margins None, scale 100%.
Stock minus mein hai	Recipes ne likhe se zyada use kiya. Stock **Count** karo aur purchases time par likho.
Food cost bahut kam dikh raha hai	Kai items ki recipe abhi nahi hai. Inventory → Recipes mein jodo.
Page atka ya purana lag raha hai	Page refresh karo. Agar internet band hai to billing nahi chalegi (neeche dekho).

Jaanne wali baatein

- **Internet zaroori hai.** Is version mein bina internet ke billing nahi hoti. Backup ke liye mobile hotspot rakho.
- **Payment record hota hai, verify nahi.** UPI/card hamesha apne app mein confirm karo.
- **GST:** default rates khane par 5% aur packaged paani/cold drink par 18% hain, prices GST sameet. Official use se pehle apne CA se rate aur bill format confirm karwa lo.
- **Printing** normal browser print window se hoti hai.
- **WhatsApp:** system har chat message ke saath kholta hai; send aap dabate ho. Wo apne aap bulk mein nahi bhejta.
- **Privacy:** customer ke phone number store hote hain. Message sirf unhi ko bhejo jinhone haan kaha ho.

Jaldi yaad rakhne wala card

Din ki shuruaat	Sign in → Clock in → Cash register → Open shift → Insights prep planner aur low stock dekho → sold-out items mark karo
Dine-in order	POS → Dine-in → Select table → items tap karo → KOT → (baad mein) Pay
Takeaway order	POS → Takeaway → items → customer → KOT → Pay
Delivery order	POS → Delivery → items → address + distance → KOT
Discount	Discount button: % ya ₹ (cashier 10% / ₹50 tak), coupon, loyalty points
Split payment	Pay → Split → har mode ka amount → Complete payment
Online order	Peela banner → Orders → Accept (ya Reject)
Sold out	Menu → 'Available' badge dabao
Order pakana	Kitchen → Start cooking → items tick → All ready → Bump
Maal aaya	Inventory → Purchases → lines bharo → Save purchase
Waste / batch	Inventory → Stock → Waste ya + Batch
Guests wapas laana	Marketing → WhatsApp campaigns → At risk → WhatsApp
Din ka ant	Tables band karo → Cash register → Close shift → Z report print → kharche aur purchases → Clock out
